

## Gin Selection

**L'Ortolan Gin, UK** £16  
*Made from fresh botanicals handpicked from the L'Ortolan gardens.*

**Truffle Gin, UK** £17  
*White truffle from Alba, Piedmont, Italy*

**Watenshi, UK** £75  
*The world's most exclusive gin.  
Only six bottles produced per batch.  
Revered by gin collectors as the absolute pinnacle of modern spirits production.  
Watenshi is the "angel's share" of our Japanese Gin, normally lost to evaporation but preserved using our pioneering distillation processes which yields just 15ml of spirit per distillation.  
The result is a gin of unparalleled intensity and complexity, an expression of refined elegance which has previously only been attainable by the finest single malts and significantly aged cognacs.*

**Limited Edition Vintage 2021 Autumn Winter Gin, UK** £17  
*Carefully created from a unique seasonal blend of locally foraged, fresh botanicals. Lemon thyme, oregano and early crops of sloe berries were harvested a short walk from the distillery in the early and cold Autumn of 2021.  
The result is a clean, crisp gin in which the green notes of lemon thyme and oregano are complemented by lovage and nasturtium, providing depth and spice towards a long and lingering finish.*

**Sakurao Original Japanese Dry Gin, Japan** £17  
*Crisp and aromatic with earthy angelica and leafy notes of green tea along with some violet and cherry blossom. Crisp juniper upfront with a little black pepper. Jammy citrus follows, before a coriander zestiness on the finish.*

**Pink Pepper Gin Original, Audemus, Cognac, France** £15  
*Pink Pepper Gin is not made by the London Dry Gin method, instead each aromatic is macerated separately in alcohol then distilled under low pressure & temperature, to create concentrated aromatic extracts. The recipe includes hand-picked Spanish pink peppercorns, juniper and a selection of several other spices. A small amount of local honey is also added.*

**Anty Gin, UK** £20  
*62 redwood ants distilled per bottle.  
A collaboration with the Nordic Food Lab (Noma).*

**Kasper Elderflower Gin, Romania** £13  
*Kasper Gin/ Indian Tonic Water*

**Amazzoni Dry Gin, Brazil** £15  
*Classic yet complex gin, this spirit blends old and new world botanicals, some of which have never been distilled. On the nose, the fresh fragrance of juniper blends with an intriguing hint of spice. At first sip, herbaceous flavours bloom on a base of juniper, with an intoxicating nuttiness lingering on the mid-palate. A brilliant burst of citrus and floral flavours makes for an elegant finish, which leaves you longing for a second sip.*

# Gosset Champagne

*Gosset is the oldest wine house in Champagne. It was founded in Ay in 1584 by Pierre Gosset an alderman and wine-grower who made mostly red wines. At that time the region's still wines competed for pride of place on the best tables of France with the wines of Beaune which were made from the same grape varieties as they are today.*

*In the 18th century Gosset joined their neighbours and began to make the sparkling wines for the first time.*

*It was at this time that the house adopted the unique antique flask-shaped bottle that is still used today.*

*Gosset's wines are characterised by their purity and expressiveness. Grapes come mainly from premier and grand cru vineyards surrounding Epernay and their winemaking style is characterised by minimal intervention, extended ageing and no malolactic fermentation. Pinot Noir and Chardonnay are the house's focus.*

*Since 1993 Gosset has been owned by the Renaud Cointreau family who have sought to protect the quality and character of their wines. This has led them to keep production levels moderate and to respect the history of the house along with the integrity of the region and its vineyards.*
